

*The Center for Reproductive Health is dedicated to the highest quality
fertility care delivered with empathy, thoughtfulness and trust*

Thank you for choosing The Center for Reproductive Health for your fertility needs. We would like to welcome you to our family while you give us the pleasure of helping you grow your family.

We have organized the following information to help make your new patient appointment as smooth as possible. Your first appointment will last approximately two and a half hours so that you may meet with several members of the team before speaking with your provider.

Prior to your appointment we will need the following information:

- Copy of your insurance card (front & back) with the name and date of birth of policy holder
- Patient's date of birth
- Name of your Primary Care Physician, their address, phone number and referral (*if applicable).

***If you have an HMO insurance plan you will need a referral from your Primary Care Physician. The referral needs to include approval for the initial consultation, diagnostic testing, treatment, follow up visits and blood work. This is needed prior to your appointment and can be faxed to (615) 321-8877.**

You should bring the following items to your appointment:

- Insurance card of patient and partner
- Drivers License of patient and partner
- Email addresses for both patient and partner
- Completed patient information sheet and registration forms
- A copy of previous medical records

All laboratory testing for the Center for Reproductive Health is performed by PathGroup/MD Labs. PathGroup/MD Labs will bill you and/or your insurance company for all lab fees including, but not limited to, phlebotomist fees and all other lab testing fees. The center is not involved in billing related to PathGroup/MD labs, whether insurance billing or patients billing; therefore, you should direct any billing questions about lab testing to the telephone number on your PathGroup/MD Labs bill.

We are looking forward to meeting with you and helping you with all of your fertility needs. If you have any questions , please feel free to contact us at (615) 321-8899.

The Center for Reproductive Health welcomes you to our practice!
